Title: A Surprise for Spree

Author: Tavern Night Press

Anyone who has ever attended Tavern Night is familiar with the antics of Miss Spree, Tatianna's pet frog. We are planning a special surprise for Spree to happen on/at the March 13th Tavern Night. If you have a pet bug or of any sort, please bring it, ie: Death Watch Beetles, Rune Beetles, Wolf Spiders, Fire Beetles, Giant Beetles, and/or any other bug or creepy crawler I have missed.

If you have a rideable spider please bring it as well, but keep it hidden away in your pack!! When you see Tatianna get "taken" by the giant spider, mount your spiders and go crazy running around screaming, calling, pleading for help!! Give poor Spree a chance to chase you down and "eat" the giant spider before dismounting. If you don't have a rideable spider, you can add to the fun, chaos, and mayhem at this point by calling for help, running about, and freaking out in general. Have fun, and please don't tell Spree, we want it to be a surprise.
